**100% MADE IN INDIA WITH INDIAN MATERIALS MATCHING WITH GLOBAL STANDARDS**

**DESIGNED, ENGINEERED AND MANUFACTURED IN INDIA**

**WE HAVE VERY CAREFULLY SELECTED HARDWARE AND MATERIALS THAT ARE MADE IN INDIA AND THAT MATCH GLOBAL QUALITY STANDARDS, THIS ALSO REDUCES THE CARBON FOOTPRINT OF THE PRODUCT**

**decostyle**

We carry out the whole production process at our Indore plant. We are in complete command. We optimise every step. This and our major investment in machines and installations allows us to offer competitive prices without giving up on design and quality.

Growth, progress, improvements... what does the future hold? We live in uncertain times. That's why we create products designed on the basis of adaptability. Our furniture is easy to use today and able to satisfy the needs of tomorrow. Products made from 18mm board, solid and strong; long-lasting products.

Convenient and open. We design furniture that can satisfy all your needs, compatible with your home environments and helping to construct workspaces that modern companies need: more flexible and comfortable, richer and multifunctional.

Ergonomic and painstakingly finished So that a strong material is also easy to use, with edgebands and precise shapes.

# decostyle

Stable and Solid Furniture with the refinement and elegance. Without giving up on precision finishes where every detail is treated delicately. To achieve this, we use cutting-edge technology.

Easy to assemble, dismantle and restore. So that it can be transported in the minimum possible space. So as to facilitate the on-site installation process without causing too much fuss. To restore and replace parts in case of accident. So that it can be easily altered in the likely case of the needs of your home or company or environment changing as well.

welcome to sustainable pre-laminated board production, a new production process.  
where sturdiness and stability combine with optimum design and perfect functionality.  
where the raw materials are treated with an eye to the future.  
because we manufacture furniture products while saving as many natural resources as possible.
